

Observing a Student in Canvas

Parent Guide

Dear Parents and Caregivers,

The College welcomes partnership with families so that our students are supported in their learning. For Years 7 – 12, the College uses a Learning Management System (LMS) called Canvas. Parents are able to access this system to view their own student's work, assignments and progress.

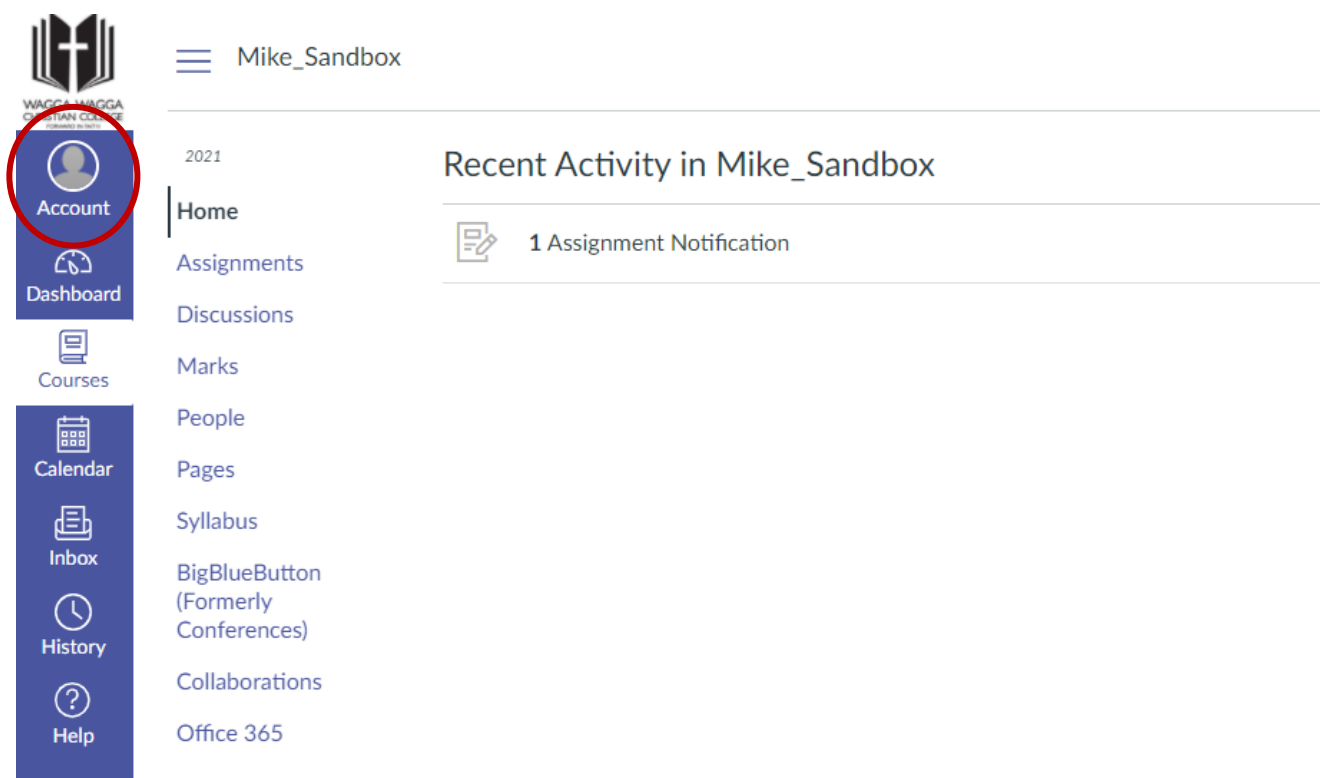

This guide will step you through a process to gain access to this system.

There are two steps involved:

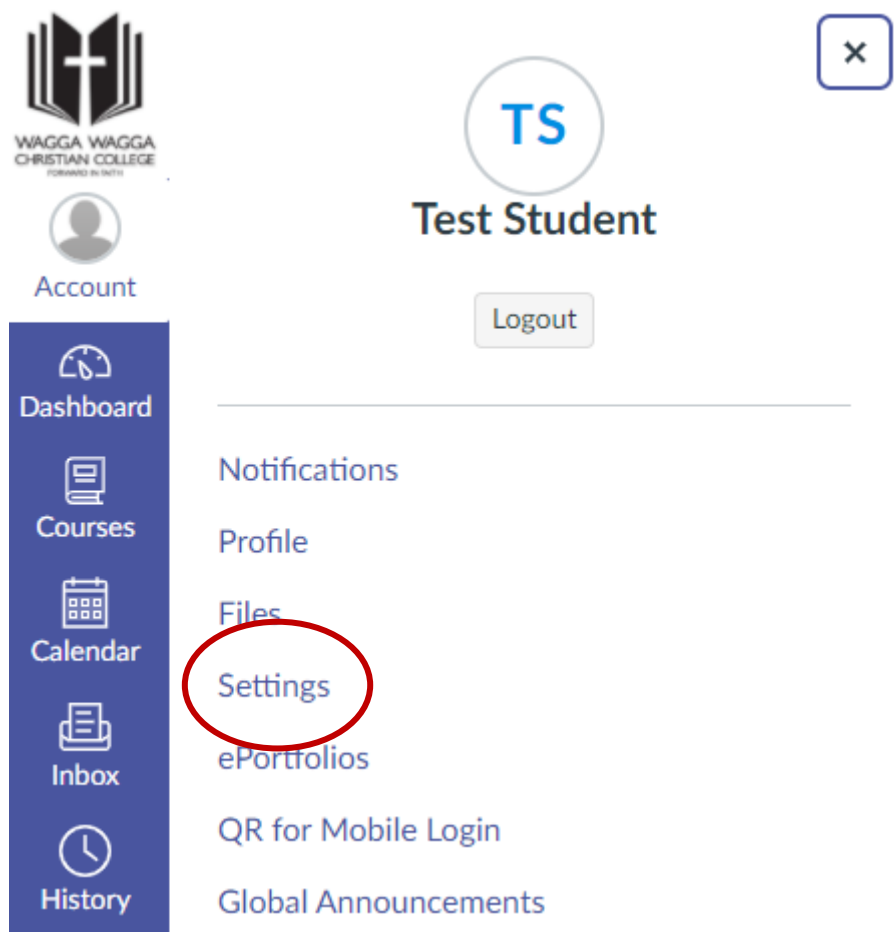

- Step 1** obtain the 'Pairing Code' to link to your child as an 'Observer'
- Step 2** create a Parent Login

Step 1 – Obtaining your child's 'Pairing Code'

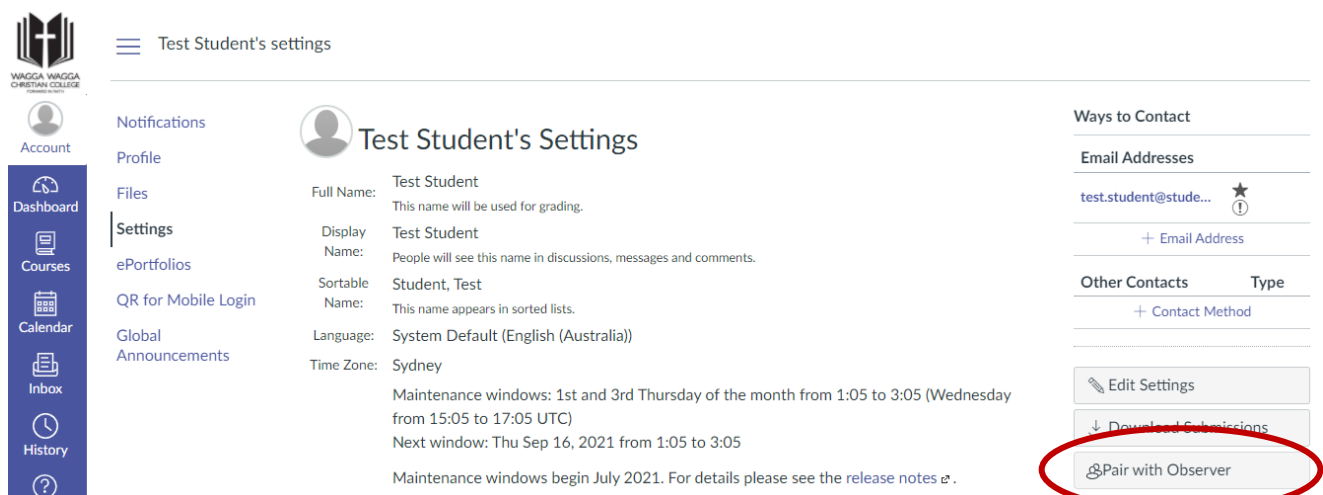

This step will need to be performed with your child.
Have your child log in and access their Canvas account.
From the menu on the left, choose 'Account'.

Then choose 'Settings' from the list of available options.

Click on 'Pair with Observer' on the right hand side of the screen.

Test Student's Settings

Pair with Observer

The Code will be here

Write down the pairing code and continue to Step 2.
